

RoHS Declaration

Dear customer,

It is our policy to always seriously consider protection of the environment and its natural resources.

Therefore, together with our suppliers, we have been avoiding all hazardous substances since many years, implementing 2012/19/EU(WEEE) and 2011/65 EU (RoHS), RoHS2 respectively RoHS3 Directive (EU) 2015/863 issued 31 March 2015 for all our products and are thus compliant without any exemptions.

We would like to point out that none of the substances listed were intentionally added during manufacturing process.

Certain materials could contain trace particles of those mentioned substances as a result of natural contamination.

In our factory we do not carry out any analysis of the mentioned substances and preparations. For this we are relying on the assistance of our suppliers.

Best regards,

Eva Boncidai
